The Principal,
Ramanujan College,
Kalkaji,
New Delhi.

Dear Sir,

This is to certify that the building already built and future buildings proposed at the campus of Ramanujan College, Kalkaji, New Delhi are designed as barrier free spaces for easy access for differently enabled individuals.

In the existing Block 7 already constructed.

- 1) Ramp with hand rail is provided at the entry to the building
- 2) All floors of the building are connected by a ramp with hand rail.
- 3) There are two large elevators available for easy access to every floor.
- 4) A toilet for differently enabled individuals has been provided on every floor with all requisite fitting and fixtures.
- 5) Ramp with hand rail has been provided to access the terrace of the Service Building built, which can be used as a public space.
