

RAMANUJAN COLLEGE  
(Accredited Grade 'A' by NAAC)  
UNIVERSITY OF DELHI

**Celect** is the placement cell of B.VOC. Software Development of Ramanujan College. Celect started its journey from nothing and came a long way to become famous for excellence. It has now successfully established itself and is continuously striving to be the best. The Celect cell is bridging the gap between aspirants and opportunities.

It educates, empowers and enhances the employability of the young burgeoning minds. Celect, instead of tethering students to showcase their skill in only a given way, allows them to explore a plethora of opportunities and let them choose for themselves.

Thus, Celect provides a silver lining to student's careers, where they can grow, show and learn.

We had conducted various workshops, events and webinars on the latest technologies as well as for upgrading skills and development of personality. We had also organised the Internship Fair collaboration with Avenues [ Banking Placement Cell] and Managerix [BMS] to provide a single platform to students to get an opportunity for a job and internship.
