Subject: Request for University-wide Collaboration under the "Adobe Creative & AI Digital Skills Accelerator - skillforall" for Students of the University of Delhi

Respected Hon'ble Vice-Chancellor Sir,
Greetings from **Ladli Foundation Trust.**

On the occasion of the 80th Independence Day, Hon'ble Prime Minister of India Shri Narendra Modi Ji announced from Red Fort the national objective of training one crore youth in Artificial Intelligence skills over the next one year, highlighting the importance of equipping India's young generation with capabilities required for an increasingly AI-driven world.

Inspired by this national priority, **Ladli Foundation Trust, in collaboration with Adobe, is implementing the "Adobe Creative & AI Digital Skills Accelerator - skillforall,"** a pan-India initiative aimed at enabling **10 lakh young people aged 16-28 years** with accessible digital, creative and AI skills.

The programme is **100% free for learners** and provides structured learning in **Generative AI, digital creativity and practical digital skills**, along with certification upon successful completion.

We believe this initiative can complement the **University of Delhi's emphasis on academic excellence, skill enhancement, innovation and career readiness** by **providing students with accessible, industry-relevant AI and digital learning opportunities** alongside their formal education.

We seek your kind support and association for enabling student outreach and institutional mobilisation across the University, including its departments, colleges and student networks, so that eligible learners can access the programme at scale.

We would also be pleased to explore an **appropriate institutional collaboration/MoU with the University of Delhi** for structured awareness, student enrolment, institutional coordination and programme monitoring.

We would be grateful if your esteemed office could kindly nominate the appropriate Department/Nodal Officer to explore the proposed collaboration with Ladli Foundation Trust. We would also be privileged to present the initiative and discuss a scalable implementation roadmap for students of the University of Delhi.

Thanks & Regards

Devendra Kumar

TO WHOM IT MAY CONCERN

This is to confirm that **Ladli Foundation** is an implementation/partner organization associated with Adobe's Corporate Social Responsibility (CSR) for the Adobe Digital Academy initiative in India. Under this initiative, Ladli Foundation is working towards expanding access to Adobe's creative, AI and digital skilling courses for youth across India.

For the financial year 2026-27, the initiative aims to reach and positively impact 1.1 million (11 lakh) youth by providing access to digital learning opportunities and skills development.

UNIVERSITY OF DELHI
OFFICE OF THE REGISTRAR

DRAFT CIRCULAR FOR APPROVAL AND OFFICIAL ISSUANCE

Circular No.: _____ Date: _____

CIRCULAR

Subject: Facilitation of the "skillforall Programme" in Partnership with Adobe Digital Academy and Ladli Foundation Trust for Students of University of Delhi Departments, Colleges and Institutions.

To: Deans of Faculties; Heads of Departments; Directors of Centres and Institutes; Principals of Constituent and Affiliated Colleges; and other concerned University of Delhi authorities.

On the occasion of the 80th Independence Day, Hon'ble Prime Minister Shri Narendra Modi announced the national objective of training one crore youth in Artificial Intelligence skills over the next one year. In alignment with this vision, skillforall seeks to widen access to practical AI, digital and creative learning opportunities. Departments and colleges of the University of Delhi may facilitate voluntary participation by eligible students.

Ladli Foundation Trust, a two-time National Youth Awardee organisation, is implementing skillforall in partnership with Adobe Digital Academy. This entirely free, online programme aims to equip eligible students and young people aged 16–28 years with future-ready digital and creative skills through accessible, self-paced learning.

Courses offered under skillforall

- Generative Artificial Intelligence (AI)
- Adobe Express and Digital Design
- Video and Digital-Content Creation
- Branding and Visual Communication
- Accessible and Inclusive Design
- Other Emerging Digital and Creative Skills

The programme is delivered through the dedicated skillforall Learning Management System. Participation is entirely free of cost, with no financial liability on participating learners or coordinating institutions. Eligible learners receive digital certificates upon successful completion of prescribed courses.

All Deans, Heads of Departments, Directors of Centres/Institutes and Principals of constituent and affiliated colleges of the University of Delhi are requested to nominate a suitable faculty member or institutional nodal person as the skillforall Coordinator. The designated coordinator shall:

1. Circulate programme details among University of Delhi departments, colleges, centres and eligible students.
2. Coordinate outreach, registration guidance and course completion support within the respective department or college.
3. Assist interested and eligible students with accurate online registration and course access, including use of institutional computer facilities where available.
4. Encourage students to complete at least one relevant digital-skills course and track participation and certification through agreed reporting arrangements.

5. Coordinate with Ladli Foundation Trust and the University of Delhi administration for implementation support, without disrupting academic activities.

Registration and access:

Category	Registration Link
Students Registration	www.skillforall.org
Students & Heads Can Download the App	skillforall (All letters should be in lowercase)

Proposed completion of initial outreach and registration: 31 December 2026, subject to confirmation in the approved circular.

Participation shall be voluntary and comply with applicable requirements on online safety, data privacy, accessibility and parental/guardian consent for minors. This circular shall take effect only after approval and issuance by the competent authority.

This circular shall take effect only after approval and issuance by the competent authority.

STANDARD OPERATING PROCEDURE (SOP)

FOR THE skillforall PROGRAMME

University of Delhi
Office of the Registrar

(SOP)

1. Programme Overview

The **skillforall Programme**, in partnership with **Adobe Digital Academy**, is a free, online digital-skills initiative being implemented by **Ladli Foundation Trust, a two-time National Youth Awardee organisation**.

The programme aims to equip eligible students and young people aged 16–28 years enrolled in University of Delhi departments, constituent and affiliated colleges, and recognised centres/institutes with future-ready skills in Generative Artificial Intelligence (AI), digital design, Adobe Express, video creation, branding and digital communication.

In alignment with the Hon'ble Prime Minister's vision of equipping India's youth with Artificial Intelligence and emerging digital skills, the programme seeks to promote digital literacy, creativity, employability and inclusive access to technology-driven learning opportunities.

2. Programme Objectives

The programme aims to:

- Ensure that every participating student acquires at least one relevant digital skill.
- Develop creativity, digital literacy, critical thinking and communication skills among students.
- Provide practical exposure to Artificial Intelligence and emerging digital technologies.
- Enhance students' academic, career, employability and entrepreneurship opportunities.
- Encourage responsible, safe and inclusive use of digital tools.
- Promote digital empowerment and skill development among students across the University of Delhi and its constituent and affiliated colleges.
- Support the national vision of preparing India's youth for an AI-driven and digitally empowered future.

Courses Offered:

- Generative Artificial Intelligence (AI)
- Adobe Express and Digital Design
- Video and Digital-Content Creation
- Branding and Visual Communication
- Accessible and Inclusive Design
- Other Emerging Digital and Creative Skills

3. Programme Implementation

- The University of Delhi shall facilitate dissemination of information about the skillforall Programme through its faculties, departments, centres, constituent and affiliated colleges.
- Each participating University of Delhi department, centre, institute or college shall nominate a suitable faculty member or institutional nodal person as the skillforall Coordinator.

- The designated coordinator shall facilitate the registration of eligible and willing students aged 16–28 years through www.skillforall.org. Participants may also download the **skillforall** app (all letters in lowercase).
- Students shall undertake short, self-paced online courses of approximately **1–2 hours each**.
- Courses may be accessed through institutional computer laboratories, personal devices or from home without disrupting regular academic schedules.
- The institutional skillforall Coordinator shall guide students during registration, facilitate access to the courses and monitor participation and course completion.
- University of Delhi departments and colleges may encourage students to complete at least one relevant digital-skills course.
- Participating departments and colleges shall coordinate with Ladli Foundation Trust and the University of Delhi administration wherever required for programme implementation and progress monitoring.
- The programme shall be provided **entirely free of cost**, with no financial liability upon students, parents or participating institutions.
- Initial outreach and registration activities are proposed to be completed by **31 December 2026**, subject to confirmation in the approved circular.

4. Certification and Recognition

- Participating students shall receive a **digital certificate** upon successful completion of each prescribed course.
- High-performing students may be selected for advanced learning opportunities, including portfolio development, mentorship and exposure to internships, careers and entrepreneurship.
- Outstanding students and participating University of Delhi departments and colleges may also be considered for suitable recognition and other opportunities, subject to the applicable selection criteria.
- Institutions may encourage students to include their completed courses and digital certificates in their academic and professional portfolios.

5. Roles and Responsibilities

University of Delhi Administration shall:

- Disseminate programme information to Deans, Heads of Departments, Directors and Principals of constituent and affiliated colleges.
- Encourage departments, centres and colleges to facilitate voluntary participation by eligible students.
- Support coordination between participating departments or colleges and Ladli Foundation Trust, wherever required.
- Facilitate review of registration, participation and course-completion progress through agreed reporting arrangements.

Deans, Heads of Departments, Directors and College Principals shall:

- Nominate a suitable faculty member or institutional nodal person as the skillforall Coordinator.
- Ensure dissemination of programme information among eligible students.
- Encourage voluntary registration and participation in the programme.

- Facilitate access to institutional computer laboratories or digital facilities wherever available.
- Support programme implementation without affecting regular academic activities.
- Coordinate with the University of Delhi administration and Ladli Foundation Trust wherever required.

Institutional skillforall Coordinators shall:

- Disseminate information regarding the programme among eligible students.
- Assist interested students in submitting accurate registration details.
- Guide students in accessing the skillforall Learning Management System and completing the online courses.
- Encourage students to complete at least one relevant digital-skills course.
- Monitor student registration, participation, course completion and certification.
- Provide participation updates through agreed reporting arrangements, wherever required.
- Coordinate with Ladli Foundation Trust for technical assistance and programme-related support.

Participating Students shall:

- Register through www.skillforall.org or the skillforall app using accurate information.
- Select and complete at least one relevant digital-skills course.
- Complete their selected courses within the prescribed timeline.
- Follow all applicable online-safety, academic-integrity and data-privacy guidelines.
- Encourage other eligible students to participate in the programme.

6. General Guidelines

- Participation in the skillforall Programme shall be **voluntary and entirely free of cost**.
- The programme shall be facilitated without disrupting regular classroom teaching, examinations or other institutional academic activities.
- All participating institutions shall comply with applicable requirements relating to online safety, data privacy, accessibility and parental or guardian consent for participants who are minors.
- The programme shall be implemented in accordance with the approved circular and any further instructions issued by the competent authority.
- No financial obligation shall arise for the University of Delhi, its participating departments or colleges, or students on account of participation in the programme.

PARTNERSHIP PROPOSAL

Adobe Creative & AI Digital Skills Accelerator

skillforall

Ladli Foundation
A National Award Winning Non-Profit

Adobe

Proposed Pan-India Partnership Initiative for Youth

For Institutional & Ecosystem Partners

Presented to

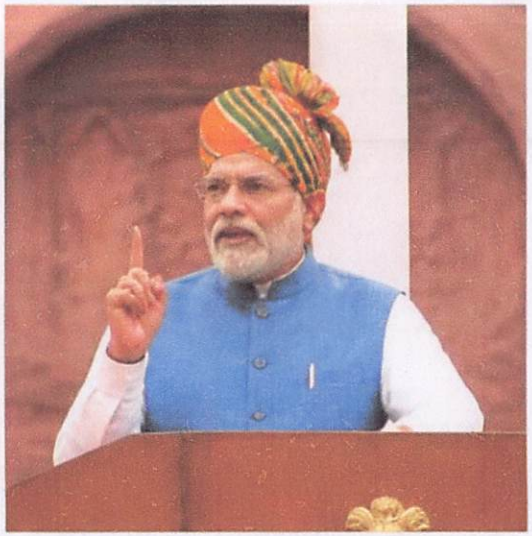

Education, Skilling & Youth Development Stakeholders

Presented by

Ladli Foundation Trust & Adobe

Aligned with a national mandate for AI skilling.

A pan-India programme by Adobe and Ladli Foundation, positioned as a grassroots pathway for future-ready digital, creative and AI skills.

On the occasion of the 80th Independence Day, Hon'ble Prime Minister of India Shri Narendra Modi Ji announced the national objective of training one crore youth in Artificial Intelligence skills over the next one year, reflecting India's growing focus on preparing young people to participate and lead in an AI-driven future.

The national call is to train **ten Million youth in AI skills** within one year. Adobe Creative & AI Digital Skills Accelerator is a proposed grassroots pathway to help mobilise, equip and empower youth and learners — subject to partner review, approvals and mutually agreed MoU terms.

10 Million

Youth to be trained in AI skills nationally within one year – announcement by the Hon'ble Prime Minister, 80th Independence Day.

01 million

Youth aged 16–28 targeted by the Adobe × Ladli Foundation pan-India digital, creative & AI programme.

16–28

Age band of learners – school & college students, graduates, young professionals and first-time digital learners.

Proposed Partnership & MoU Framework

A coordinated institution-to-grassroots pathway for youth

01

School Education Institutions

School-level outreach and learner participation.

02

Higher Education Institutions

College, university and youth participation.

03

Technical & Vocational Institutions

Technical, vocational and employability-linked institutions.

Ladli Foundation Trust proposes to collaborate with interested partners, with Adobe as the programme and learning-resource partner.

Proposed areas of collaboration

1. **Partner coordination**
2. **Institutional outreach and learner mobilisation**
3. **Access to free SkillForAll courses**
4. **Project-based learning, portfolios and Adobe certificates**
5. **Progress tracking and periodic review**

Institutional Activation Pathway

From partner coordination to on-ground learner access

Proposed process to be followed after partnership approval and agreed implementation terms.

01

MoU execution

Following execution of the proposed MoU or partnership agreement with the concerned partner/stakeholder.

02

Issue Circular

A programme circular or official communication is issued to participating institutions for structured outreach.

03

Communication & Nodal Officer

Programme details are shared and each institution designates a nodal officer to coordinate implementation.

04

Orientation and activation

The nodal officer connects with Ladli Foundation Trust for programme orientation, implementation guidance and a clear understanding of the learner journey, courses and participation process.

This creates a coordinated bridge from partner communication to institutional readiness and grassroots learner mobilisation.

Implementation Pathway

A proposed phased pathway to expand equitable access to Adobe Creative & AI Digital Skills Accelerator through institutional outreach and grassroots mobilisation.

01 — Strategic Partnership Alignment

Alignment with partner priorities, learner needs and implementation scope.

02 — Issue Circular

Official circular/communication issued for structured institutional activation.

03 — Communication & Nodal Officer

Programme details shared; each institution appoints a nodal officer.

04 — School Education Institutions

School outreach and learner participation.

05 — Higher Education Institutions

College and university engagement for youth participation.

06 — Technical & Vocational Institutions

Technical, vocational and employability-linked institutions.

07 — Institutional Engagement

Institutions are engaged for learner access.

08 — Grassroots Learner Mobilisation

Mobilisation through educators, grassroots networks and community partners.

09 — Access, Learn & Get Certified

Free Adobe Creative & AI Digital Skills Accelerator courses on SkillForAll .

Self-Paced Learning **Project-Based Practice** **Portfolios** **Certificates**

Learners build in-demand skills, create real-world projects and earn Adobe certificates.

Adobe

Requested Next Steps

We respectfully request your kind consideration and guidance to enable a proposed, inclusive and grassroots-driven Adobe Creative & AI Digital Skills Accelerator for youth. All actions are proposals, subject to partner review, approvals and mutually agreed MoU terms.

01	**Facilitate Joint Discussion**	Kindly facilitate a joint discussion with relevant institutional and programme stakeholders to explore the proposal.
02	**Consider the Proposed MoU**	Kindly consider the proposed MoU or partnership agreement for coordinated, grassroots-oriented implementation.
03	**Guide Institutional Communication**	Upon due approvals, kindly guide institutional communication to enable participation at the grassroots level.
04	**Explore Scalable Implementation Pathway**	Kindly guide the exploration of a scalable, pan-India implementation pathway through schools, colleges, universities, ITIs, polytechnics and training institutions, with community-led outreach for last-mile access.

A proposed initiative for your kind consideration. | Subject to partner review, approvals and mutually agreed MoU terms.

Adobe

Ladli Foundation
A National Award Winning Non-Profit

Thank You

Together, empowering youth with future-ready digital skills.

A proposed institution-to-grassroots partnership for equitable access to creative and AI skills.
